REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: After further consideration coupled with Counsel's persuasive arguments, the instantly claimed invention is deemed allowable over the prior art of record, Pakusch et al (U.S. 6,291,573 B1), meritorious of the closest prior art, as per one having ordinary skill in the art would not have been endowed with any motivation to modify the process of Pakusch et al to include a step of **admixing a hydrophilic antiblocking agent** to the **powder of a hydrophobic antiblocking agent**-containing spray-dried-governed aqueous polymer dispersion, as claimed, with any reasonable expectation of success. Moreover, any prima facie case of obviousness has been dismissed based on the Comparative Data results illustrated in the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
